

Blazers Hockey

Blazers back into game mode!

Blazers come out of the week with a win and a tie!

This weekend brought the girls back into game mode with 2 games on tap versus the Winnipeg Titans and the Westman Wildcats.

The 2 game weekend got off in fine form on the Saturday with the Blazers getting off to a solid start against the Titans. At the end of the first period the Blazers found themselves up 5 - 0. The final tally proved to be 12 - 0 by the time the final buzzer sounded. The Blazers were happy with their efforts but set their sights on their next opponents, the Westman Wildcats. Thank you to the Titans for providing a great game in a great atmosphere!

Sunday saw provincial rivals renew acquaintances in front of a large crowd. With the game being just over 2 minutes old, the Wildcats were able to pounce on a loose puck to find the scoresheet first. Being down 1 - 0 the Blazers then set out to work

period. The power play did not disappoint, with Katie Wilson putting BH on the board with assists from Christine Bestland and Jasmine Lévesque.

With the score tied 1 - 1, both teams tried to get the leg up in the second period, each trading power play opportunities before Meghan Dufault was able to break free with a pin point pass from Brittany Hergesheimer. Dufault broke past the Westman defender and as she was falling down, beat the Westman netminder with a highlight reel shot to the top corner, post and in! The scored remained 2 - 1 for BH going into the third and final frame. From there, Westman kept coming and Stacie Kashuba along with her teammates were able to hold them off until 6:05 left, when their captain was able to find an opening and capitalize pulling the score even at 2. The teams ended up skating to a 2 - 2 in a hard fought affair. The 2 teams look forward to meeting again in a great positive rivalry!

Until next time...

the comeback before the period was out. With 3:28 remaining in the first frame the Blazers found themselves on the power play with the chance to draw even before the end of the first
